

#BLACKLIVESMATTER

The UC Berkeley chapter of Upsilon Pi Epsilon **stands with the Black Lives Matter** Movement. We are horrified by the racist murders of **George Floyd, Breonna Taylor, Tony McDade, Ahmaud Arbery**, and countless other black lives.

We **acknowledge** our position of privilege in the tech community, especially in honor societies like ours. UPE Nu Chapter's mission is to serve the Computer Science community by bringing students together and striving for professional success. We cannot fully realize this mission without prioritizing diversity, equity, and inclusion on our campus. We **commit to understanding and addressing our internal lack of diversity** in representing the CS community at Berkeley. We have work to do.

We are inspired by the leadership of our fellow tech organizations on campus who have committed to action. In order to start taking tangible steps to support the movement, we will be **matching up to \$1000** in donations to Black Organizations, specifically

- People's Breakfast Oakland
- East Oakland Collective
- Black Lives Matter
- National Bail Out
- Black Girls Code
- Data 4 Black Lives
- *Any other organizations supporting the cause*

To donate:

- Venmo @**UPE-Berkeley** with your donation and organization of choice
- Email us at **donations@upe.berkeley.edu** with an existing donation receipt to get it matched

Additionally, we encourage everyone to visit the resources linked here to take action and prioritize Black voices.
